What do parents say about Montessori Fun?

"As a mom of two young children who have gone thru or are currently enrolled in Montessori Fun I cannot say enough about the experience of this program. My oldest daughter is entering Kindergarten so prepared and confident. My youngest that is currently enrolled asks to go every day and has become so independent! Diane has a program that is rich in learning, independence, creativity and diversity. Her healthy snack and mostly organic lunch menu opened my daughter up to eating so much more than we could imagine at home. Both my daughters have benefited beyond my imagination from this program and we feel so lucky to have found Diane. We also feel the families in this program have been a wonderful support to us and we have built so many lifelong friendships."

"My daughter, (who is now 15!) went to school here and I love the educational & social experience she got while at Montessori Fun. She got such a great start with Diane; I think it has made a huge difference in her academic success through the years. I run a music school and recommend Montessori Fun to parents of my preschool age students all the time; I hear great feedback from them." Fran Oglesby; Sonoma County Children's Music

"Thanks for allowing my daughter to be herself. For two years she has had someone who appreciated her, understood her energy level, and continued to be gentle and patient in spite of it all!! Thanks for all the hours you've spent thinking about each one and planning and being with them." Tanya Gjerman, owner of Montessori Multicultural Center

"Thank you for nurturing Molly's spirit, heart and her mind. She's off to Kindergarten with such a wonderful love of school already. "Susie and Mark Kozlowski

"My husband and I have been consistently impressed with the setting and structure Montessori Fun has provided our children. Diane has done a wonderful job ensuring that the children arrive with the intention of learning responsibility. We have watched our children acquire their sense of self from a combination of home and school. Our children have benefitted greatly from this small setting and Diane's intuitiveness to foster their personalities while disciplining the importance of follow-through on tasks, refining motor skills, respect for others as well as materials, sense of order, patience and personal care. The academics are fantastic and we have relished hearing what they are learning about... From math to writing they are confident even when they have not mastered the actual lesson at hand. We see little discouragement in our children and we credit Diane and her program for helping us establish that attitude in our kids" (anonymous internet interview)

"Words cannot convey how much we appreciate the incredible experience that Lucy had at Montessori Fun. You are such a brilliant and inspiring teacher- a loving, firm mentor who helps each child to become the best they can be. I am amazed at how you manage to offer each child such a focused, individualized experience, while still keeping everyone engaged and safe!! We felt so secure with you, knowing that she was happy and learning to love learning. With admiration and deep appreciation" Rob, Karen and Lucy
